

## HOLLAND CB2300, CB4000, RL, RLU and NS SERIES TRAILER AIR SUSPENSIONS US and Canada Commercial Warranty

### SAF-HOLLAND's Commitment

We warrant each Holland suspension noted above manufactured after September 15, 2001, when properly installed on your vehicle, and maintained and operated in accordance with our requirements, as follows:

SAF-HOLLAND will, at its option, repair, replace or reimburse for any suspension or suspension component needing replacement due to defects in material or workmanship. Parts reimbursement is limited to the parts acquisition cost, not to exceed the suggested list price. The cost of repair covered by this warranty includes any reasonable labor expense. Labor reimbursement is based on a published flat rate schedule in conjunction with local labor rates.

### Your Responsibilities

You are responsible for proper installation, operation, and maintenance as specified in our applicable publications on Holland suspensions and for using the product in recommended applications within rated capacities.

### Claims

You are required to obtain prior authorization from us or an authorized customer service representative before replacing or returning any part. You may be required to make the product or part claimed to be covered by this warranty available to us and/or returned to us at your expense for review and evaluation. You will also need to provide the following information: Trailer Serial #, in-service date/installation date, product model, product serial number as shown on the serial tag installed on the product, and application and use information.

## Notes

On-Road is defined as maintained concrete, asphalt roads, or smoothly graded surfaces.

Off-Road is defined as terrain that is unpaved and rough, or ungraded. Typically any terrain not considered to be part of the public road system will be considered off-road.

Should either the GCW or the number of axles be exceeded, or one or more of the other criteria be surpassed, the next level of duty classification must be used. **Under no circumstances should the suspension's capacities be exceeded.**

For self-steer or lift axle applications, please contact SAF-HOLLAND (888-396-6501).
